**To Help Expedite Consistent Affective Response**  
**Efforts To Efficiently Activate Ministry**

THE CARE TEAM has worked in many areas in 2020. In addition to our normal activities of transportation, meal and flower deliveries, our members have done grocery shopping and errands for those who could not go out. Numerous church members have shopped for our most vulnerable, whether a CARE TEAM assignment or not. Many check-in phone calls, texts and emails have been made all year long. And while our record keeping has not been great, we have high hopes that our new website will make this easier.

We had a budget of \$1000.00 but did not spend any of these monies thanks to generous donations from church members.

We cannot provide needed care without everyone's help in notifying the office of any needs or potential needs. Thank you to everyone who let us know of needs.
