

THE CARE TEAM

Vicky Vance & Joellen Murphree

THE CARE TEAM provides for needs of church members. Many check-in phone calls, texts and emails are made. In addition to our normal activities of transportation, visits, cards and notes of remembrance, meal and flower deliveries, our members do grocery shopping and errands for those who can not go out.

The burden of recording activities has been removed from team members. Providing services for fellow members gives joy to both recipient and provider. Join the team to experience this joy.

We cannot provide needed care without everyone's help in notifying the office of any needs or potential needs. Thank you to everyone for letting us know of needs.
