

Grace to you and peace from God our Father and the Lord Jesus Christ,

During 2022, as we imagined what Growing in Grace looked like, we planted seeds, spiritual seeds, throughout All Saints' and Christ the King. We have watched with joy as these seeds have sprouted and grown into new ministries and new relationships.

The possibility of having a curate grew into the Rev. Becca Walton's joining our parish. Having two clergy, new ministries have sprouted and grown, including the offering of an adult formation class discussing God's work in our lives, of Morning Prayer during the week, and of contemplative prayer such as Centering Prayer and Lectio Divina. These offerings enhance the already rich abundance of ministries that already shape this wonderful parish.

Now is the time for us to care for these ministries and to provide nourishment as they continue to grow. Now is also the time to think about new ministries for the future of All Saints' and Christ the King.

During this stewardship season, let us reflect on all that we have been able to do over the past year and let us continue to imagine future ministries that will allow us to grow as a parish and share God's love with the world around us. We will do this as we Grow in Faith.

I ask you to participate with us as we Grow in Faith, living into our journey of faith in God our Father and Jesus Christ.

Please consider the enclosed fact sheet and then commit to making a pledge for 2023. Through our faith in God, I know we will continue to sprout seeds of faith, hope and love.

Christ's Peace,

Phillip +
