

## **PROPERTY COMMITTEE**

### **Tony Alford & Wayne Averett**

The work of the Property Committee is coordinated by Tony Alford and Wayne Averett. Our mission is to support the church staff and Junior Warden in accomplishing clean up projects not performed by our janitorial or landscape services as well as minor repairs. Our goals are to enhance the maintenance of the church and save the Parish money while building relationships with each other.

Shortly after beginning her ministry at All Saints', Becca began to organize a "Martha Day", inspired by the busy body Martha in the story of Jesus' visit with sisters Mary and Martha in Luke Chapter 10. Becca also created a Google sheet to help us list cleaning and minor repair projects that needed to be accomplished. The Google Sheet enabled us to create a list of what needed to be done, the supplies needed to do the job, and who would work on it.

Martha Day 1 on September 17 was a huge success with over 40 volunteers who worked in each building on campus and around the grounds. Volunteers washed windows, polished pews, cleaned out closets, recovered chairs in the library, cleaned light fixtures, and handled many other projects. We followed up with a Mini Martha Day on October 29 that completed the work on our Google Sheet.

Fortunately, the cleaning supplies we purchased totaled less than \$200 so we did not have to request any funds from the Vestry. We will not request funds for the 2023 budget year.

If you can think of a project that needs to be added to our Google Sheet for next year, please let us know. We would like to have at least two parish-wide workdays in 2023, as well as several small group work sessions for smaller projects.
